

How do I request a meeting?

1. Click on "Schedule a Meeting" on any profiles you would like to schedule a meeting with.

2. Select the meeting details you would like your meeting to be held at and then click "Request Meeting". You can request multiple meetings with the same

3. Keep track of all your meetings. You can see all your meetings with another user on his profile page and the overview of all your meetings is available in "My Schedule" section.

Search for people, products or anything?
